

The exhibition works here well! Already visited by more than 500 people! It's a good result before the start of the "Hot season"

Reactions of people are different, they all impressed but one part feels it like something native, close to their hearts and another like it's just interesting or amazing.

We started from the classes for children, i was telling them about your technic, and as i saw they liked and they were inspired)

The exhibition was demonstrate to guest of our different meetings, seminars, and actions - intelligentsia enjoyed of your works a lot of people high valued your your attention to details and colors of our nation.

A lot of simple visitors from different parts of Russia and different countries were very impressed.

Thank you so much for this gift and for attention to our people!
